NOTES: Target times in red indicate a calculated time ie no data

Time set by 4wd Car - Target calculated back by dividing by 0.95

Blue = New or revised for 2017

Nationally Adjusted Target Times

V2 - New MIRA Bentley Targets

V3 - Olivers & Loton added

The base data - The actual record times, date set, driver name and vehicle are listed on the base data pages

Curborough times (1 and 2 lap) are age corrected as applicable - a small amount of time added for each year (over 5 years) if the target has not been broken.

National venues are 'adjusted' (making them slightly easier) if the records set are faster than a calculated NSCC time

In 2016 the target times for classes 1A, 1B, 1C, 2A and 2B were adjusted (made slightly easier) to allow for the new MSA tyre list changes

NSCC SPEED CHAMPIONSHIP BASE DATA 2017 - v2 - 2/5/17
